ABOUT US

Market leading products built for transport and industry with the end user in mind.

From humble beginnings arises a market leader in the New Zealand transport flexible textile industry. Straitline® Canvas is a Palmerston North-based family business. Started in August 1975 by father and son duo Colin and Mike Currie, Straitline® began as a general canvas manufacturer, selling to transport companies and farmers in the Manawatu. In the 1990s, Straitline® focused increasingly on the commercial and house markets, selling side curtains, tarpaulins, shade sails, patio blinds and more. Mike's sons Ken and Patrick joined the business in the early 2000s, starting a shift towards Transport products and a New Zealand-wide focus.

Now, Straitline® is the lower North Island's leading manufacturer of transport textile products, including side curtains, tarpaulins, roll over covers, and thermal barriers. We have a wide range of

parts and accessories, available for same day dispatch from our base in Palmerston North. We're also the leading manufacturer in the Manawatu-Wanganui region for patio blinds and shade sails.

Our focus is on finding ways to make your life easier. More than forty years later, Straitline® is still a family-owned business and still manufactures industrial textile products right here in New Zealand.

TRUST / QUALITY / SERVICE

OUR VISION

Integrity

We stand by our word.

Teamwork

We partner with people.

Innovation

We challenge the status quo.

Quality

We are obsessed with quality.

Passion

We are enthusiastic and driven.

Respect

We listen.

OUR MISSION

Transport

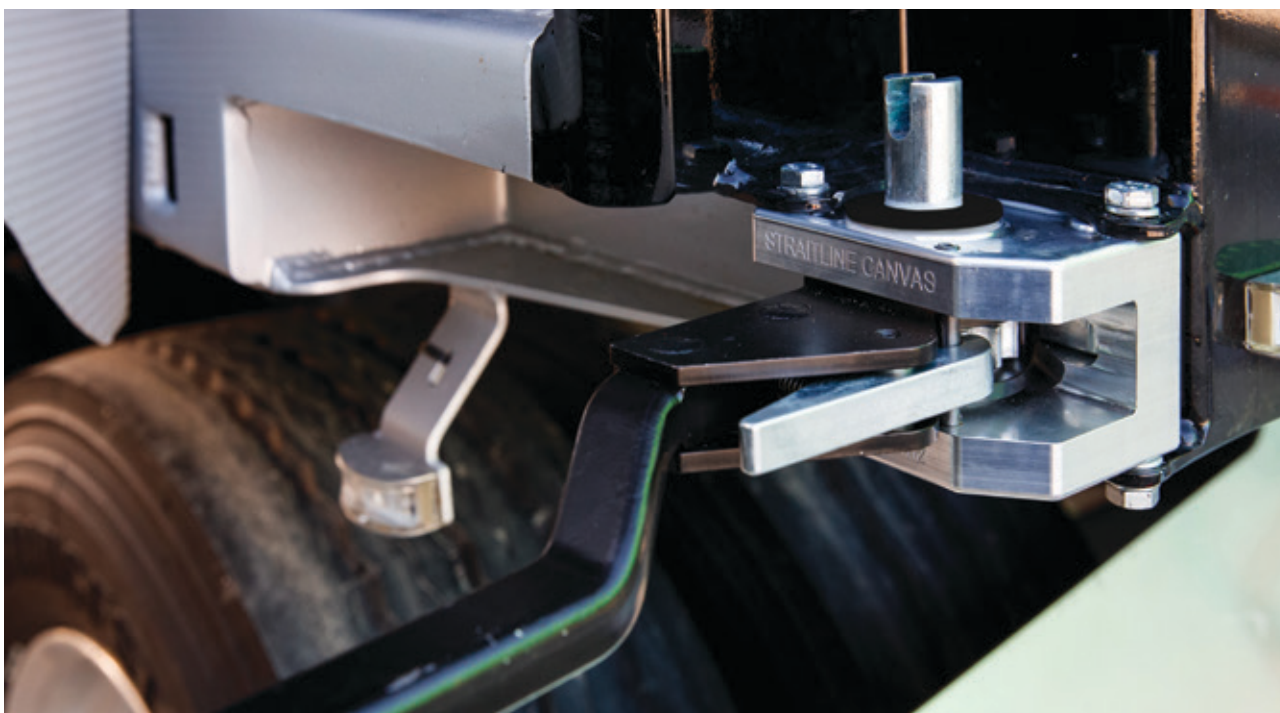

We make transport operators' lives easier.

SIDE CURTAIN BODY PARTS

Straitline® Tensioners

Straitline® Tensioner 4 Bolt

Straitline® Tensioner 3 Bolt

Our easy open design minimises the force needed to release curtain tension. The handle can be locked in the open position, leaving both hands free to open your side curtain. Tough milled aluminium body and steel handle. Ability to lock closed. The kinked handle leaves plenty of clearance for your hand while opening or closing. Fits NZ standard 3 bolt or 4 bolt mounting points. New Zealand registered design by Straitline® Canvas. Compatible with security tags and locks.

4 Bolt	RH	TP56001
4 Bolt	LH	TP56002

3 Bolt	RH	TP56003
3 Bolt	LH	TP56004

Economy Tensioner / Tensioner Parts

Economy Tensioner 4 Bolt

The Economy Tensioner provides value for money; simple and cost-effective. Cast aluminium construction. Ability to lock closed. Fits NZ standard 3 bolt or 4 bolt mounting points.

4 Bolt RH TP56012

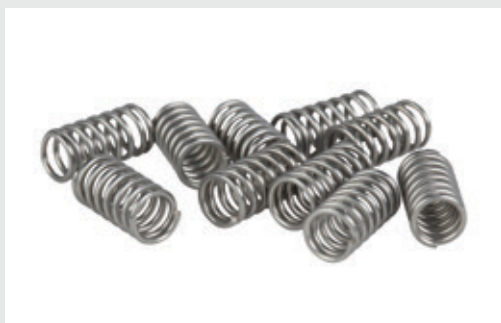

4 Bolt LH TP56013

Economy Tensioner 3 Bolt

3 Bolt RH TP56014

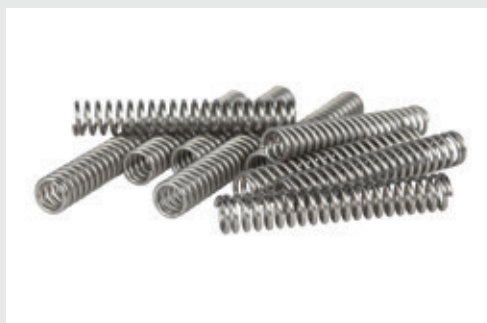

3 Bolt LH TP56015

Straitline® Tensioner Pawl Spring

Replacement pawl springs for Straitline® Truck Curtain Tensioners.

TP56019

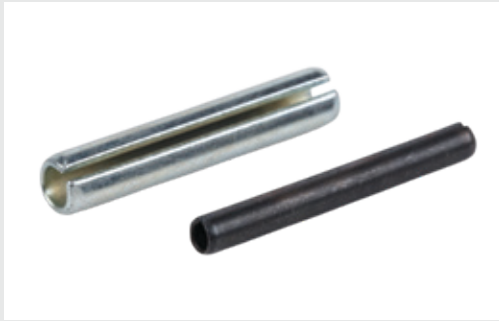

Straitline® Tensioner Trigger Spring

Replacement trigger springs for Straitline® Truck Curtain Tensioners.

TP56020

Tensioner Parts

Economy Tensioner Roll Pins

Replacement double roll pins, for Economy Truck Curtain Tensioners. Can also be used for Twist or T3 side curtain tensioners.

TP56016

Straitline® Tensioner Solid Pins

Replacement solid pins for Straitline® Truck Curtain Tensioners. Secure the cog to the pivot pin.

TP56005

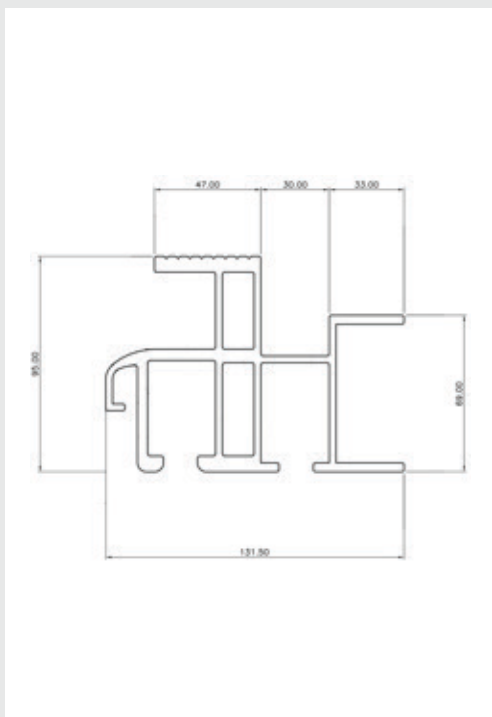

Straitline® Tensioner Refurb Kit

Everything you need to refurbish 1x Straitline® Truck Curtain Tensioner, extending it's life. Includes: 1x Straitline® Tensioner Bushing Kit, 1x Straitline® Tensioner Solid Pin, 1x Straitline® Tensioner Pawl Spring, and 1x Straitline® Tensioner Trigger Spring.

TP56006

Straitline® Double Track System

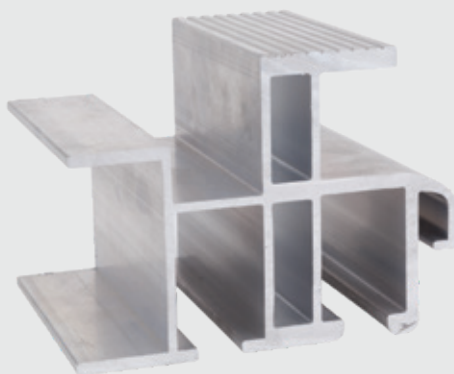

Roof Brackets (pair)

4mm Thick steel mounting bracket, designed to connect Straitline® Double Track to the front and end walls. Certified for use with the Straitline® Double Track System. Coated in primer.

Pair of 1x left hand and 1x right hand.

Pair of LH/RH TP58012

Double Track

Straitline® Double Track, made from aluminium. Double track replaces the top beam and works as both the curtain track and support pole track, saving installation labour. Double Track is certified for use with Straitline® Canvas side curtains (roof support poles required). Includes silicone grooves on top for maximum water-tightness.

Designed for use with Large Curtain Rollers and Straitline® Bottom Hung Pelmet. Available in 8.6m length.

Custom lengths available - please contact us, minimum quantities apply.

8.6m TP58009

Double Track with Track Bolt

Straitline® Single Track System

Top Hung Single Track

Straitline® Top Hung Single Track, made from aluminium. Single track is designed to bolt onto the top beam. Includes silicone grooves on top to maximise adhesion. Compatible with large curtain rollers and Straitline® Top Hung Pelmet.

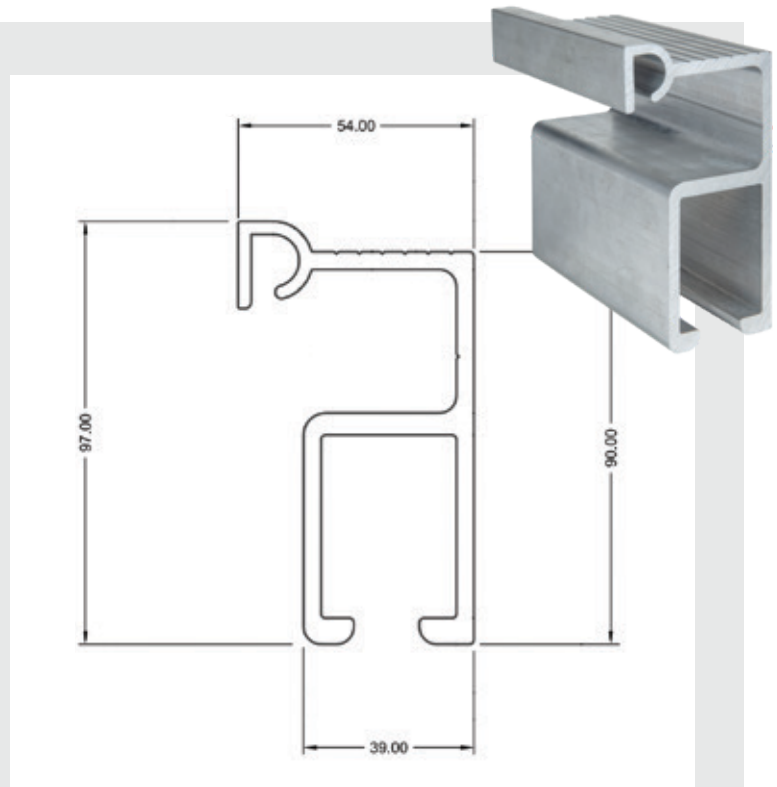

Available in 6.1m, 7.65m or 10m lengths.

Custom lengths available - please contact us, minimum quantities apply.

6.1m TP58002

7.65m TP58003

Straitline® Chipliner Track

Straitline® Chipliner 3-in-1 aluminium track for chipliner truck and trailers. This track carries the curtains, roof support poles and pelmet. Designed for use with Large Curtain Rollers and Straitline® Bottom Hung Pelmet.

8m TP58010

10.3m TP58011

Support Pole h-Track / Bolts & Rollers

Support Pole h-Track

Designed for use with Straitline® Single Track (top or bottom hung), rivets onto the top beam. Made from aluminium. Compatible with large curtain rollers. Available in 7m lengths.

Custom lengths available - please contact us, minimum quantities apply.

7m TP58008

Curtain Track Bolt

Required to stop curtains sliding out of the tracks. Straitline® Track Bolts are stainless steel to ensure they are easy to install and remove. Each kit includes: 1 x Straitline® Bolt Plate, 1 x Straitline® Load Plate, 2 x M6 Nyloc Nuts

TP58001

Track Lubricant

Lubricant for side curtain track and rollers. 500ml can.

TP51011

Straitline® Bolt Plate Roller

Straitline® large 37mm roller with steel bolt plate. Designed to work with Straitline® track systems, this roller is perfect for a variety of applications, including custom curtains and warehouse divider curtains.

TP51008

Roof Support Pole Rollers & Plates

Domett Support Pole Roller

Used to hold truck curtain roof support poles into their track on Domett curtainsider bodies.

TP51006

MaxiTrans Support Pole Roller

Used to hold truck curtain roof support poles into their track on MaxiTrans curtainsider bodies. 1x Nyloc nut included.

TP51007

Support Pole Roller Plate

Roller plate for various designs of Roof Support Poles.

Available with 37mm large roller (standard) or 32mm small roller (Fruehauf style).

Small TP51004

Large TP51005

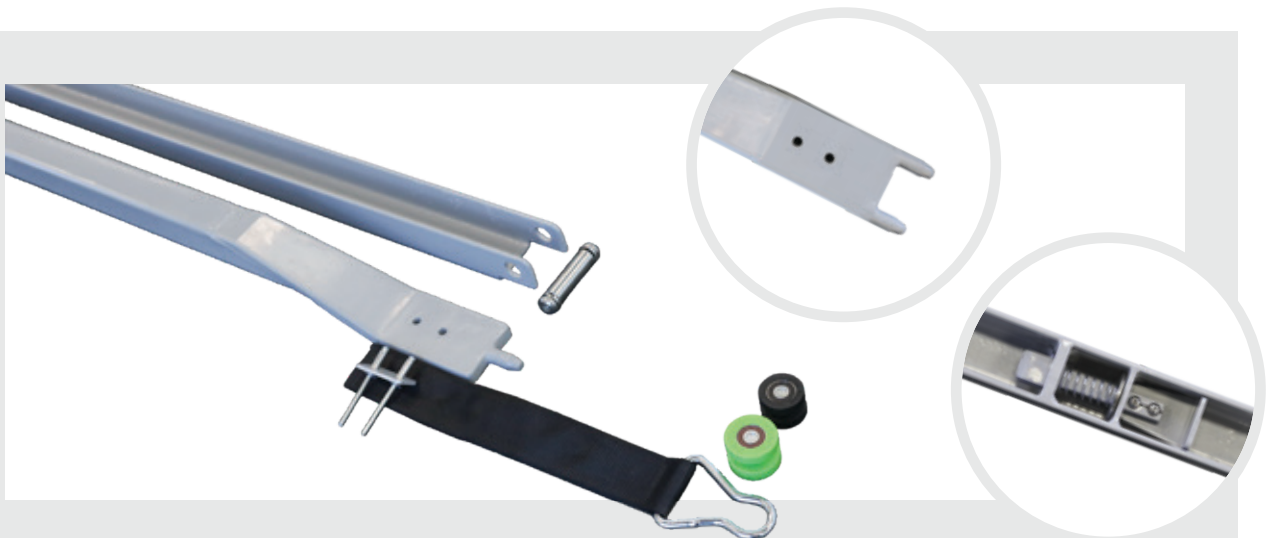

KiwiRail Roof Support Roller

Used to hold side curtain roof support poles into their track on some classes of KiwiRail curtainsider wagons and containers.

TP51009

Roof Support Pole Kit & Parts

Roof Support Pole Kit

A one size fits all solution, the top half of the pole can be cut to length and easily joined with the lower half. Available with both single and double pin top mount.

Single Pin, Large Roller
Single Pin, Small Roller

TP55020
TP55021

Double Pin, Large Roller
Double Pin, Small Roller

TP55022
TP55023

Gudgeon Pin Kit

Replacement Gudgeon Pin, bolts and washers for a Straitline Roof Support Pole.

TP55019

Roof Support Pole Strap

Strap for Roof Support Poles. Double thickness to resist wearing.

Simply bolt or rivet on (washer recommended to reduce wearing).

TP52004

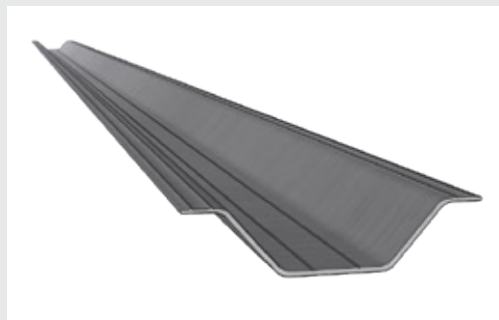

Straitline® Roof Skin / Roof Skin Coping

Straitline® Roof Skin

Straitline® Roof Skin is 2450 wide x 0.9mm thick, the same grade as used to construct most linehaul units. 1 continuous length of aluminium, cut to length. Compatible with all styles of our tracks and our roof bows.

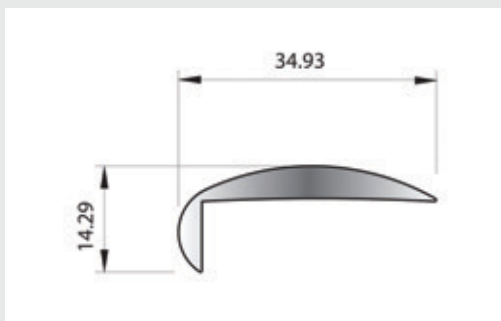

TP70001

Straitline® Roof Bow

The Straitline® Roof Bow is designed to work with our double track. It provides a flush mounting surface for the roof skin when riveted into position on our double track. They are made from aluminium, are quick and easy to install and will help make your build or repair look like a professional job.

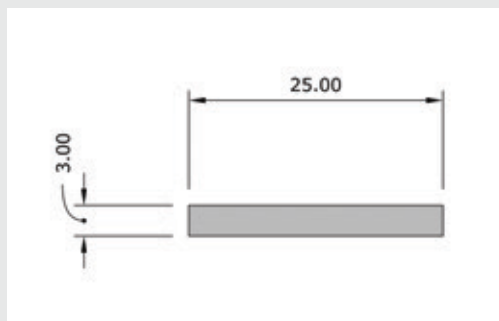

TP58013

Straitline® Double & Bottom Hung Track Roof Coping

Standard aluminium coping used to protect the edge of the roof skin and help prevent water from getting underneath. Compatible with Straitline® Double Track and Straitline® Bottom Hung Track.

TP70002

Straitline® Top Hung Track Roof Skin Coping

Standard aluminium coping used to protect the edge of the roof skin and help prevent water from getting underneath. Compatible with Top Hung Track.

TP70003

SIDE CURTAIN PARTS

Curtain Straps

Small Rave Strap

For attaching to coaming rails - 23mm

Curtain Straps

Curtain Strap Only

Curtain straps without rave hook.

Black	TP52018
Red	TP52019
Grey	TP52020
Light Blue	TP52021
Dark Blue	TP52022

Flat Rave Strap

A slim-line hook that reduces the chance of the wheels catching the strap.

PLEASE NOTE: Flat Rave straps are only suitable if there is a cutout in the coaming rail. If there is no coaming rail cutout over the wheel arch, we recommend standard curtain straps. Where possible, Straitline® Canvas designs side curtains to avoid locating straps above wheel arches.

TP52005

Small Rave Hook

Small rave steel curtain hook, for use on coaming rails. Also called a 23mm hook.

TP52023

Large Rave Hook

Large rave steel curtain hook, for use on tie rails. Also called a 35mm hook.

TP52024

Curtain Pole

Curtain Pole

Anodised to avoid marking your curtains. Designed to fit Straitline® milled aluminium base plugs, but also compatible with other base plugs.

3.3m with 1 x base plug

6.6m with 1 x base plug

TP55005

TP55026

TP55006

TP55007

Pole Base Plug

Milled from a single aluminium block, with a high tensile steel pin. Milled aluminium is much stronger than traditional cast aluminium base plugs. Straitline® Base Plugs are designed to fit Straitline® Curtain Poles, compatible with all NZ standard curtain poles.

TP55008

Fixed End Pole

Galvanised steel curtain pole for fixed ends. Available in 3.25m or 6.5m lengths.

3.25m TP55012

6.5m TP55013

Pole Accessories

Bolt Rope 7mm

7mm extruded plastic rope bead. Used in side curtain hems for fitting into curtain poles.

Per Metre TP55014

Pole Handles

Pre-cut curtain pole handles, 300mm long. Made from heat set black polyester webbing.

TP55011

Pole Support Bracket

Straitline® plastic Curtain Pole Support Bracket. Designed to work with Straitline® Pole Support Spacers.

TP55015

Pole Support Spacer

Straitline® plastic Curtain Pole Support Spacer. Designed to work with Straitline® Pole Support Brackets.

TP55016

Pole Handles / Parts

Includes:

2x Pre-cut Webbing Pole Handles
(300mm long)

2x Curved Washers

4x Rivets (6-8)

1x Track Bolt Kit

Pole Handle & Track Bolt Kit

This kit contains two side curtain pole handles and one track bolt. Can be used for installing a new curtain, or replacing handles on an existing curtain.

TP55009

Curved Pole Washer

Stainless steel curved pole washers secure your curtain to the end poles.

Requires 2x 6-8 rivets (sold separately).

TP55010

Rivets (6-8)

Aluminium 6-8 rivets, for use with Curved Pole Washers.

CN06021

Rollers / Webbing

Straitline® Large Curtain Roller

Large Curtain Rollers (Straitline®) 37mm. Designed for Straitline® Double Track and Straitline® Single Track. Also compatible with other large roller tracks, including 7217, 9555 and TCC tracks.

TP51002

Small Curtain Roller

Small Curtain Rollers 32mm. Designed for Fruehauf and Freightor tracks.

TP51003

Weldable Webbing

Weldable curtainside webbing, for use on side curtains, roll overs and other PVC products. Can be welded using hot air or high frequency. Sold in 100m rolls.

TP25001	White
TP25002	Red
TP25003	Silver

Double Curtain Roller

Heavy duty double roller, recommended for Insulated Side Curtains. Available in Large 37mm and Small 32mm sizes.

37mm	Large	TP51010
32mm	Small	TP51012

Hanger / Fasteners

Curtain Hanger

7mm steel curtain hanger.

Compatible with both large and small curtain rollers.

TP51001

Washers - Curtain Hanger

Stainless steel washers, for mounting curtain hangers to side curtains.

SC64008

M6 Nuts

M6 Nyloc Nuts, for use with stainless steel bolt plates and curtain hanger bolts

SC64004

Bolts - Curtain Hanger

For mounting curtain hangers to curtains.

SC64001

Buckles / Plates

Overcentre Buckle

Custom design, easy open overcentre buckle by Straitline® Canvas. Fits all standard curtain straps, made from stainless steel.

TP52001

Load Plate

Aluminium load plates are the washers that secure the buckles to your side curtains.

Requires a Straitline® Bolt Plate and 2x M6 Nyloc Nuts.

TP52003

Bolt Plate

Stainless steel Bolt Plates secure the buckles to your side curtains. Designed for Straitline® Overcentre Buckles, but compatible with NZ standard curtain buckles.

TP52002

Step Deck Plates Kit

Each kit includes:

- 1x Threaded L-Plate
- 1x Non-threaded L-Plate
- 3x Cap Screws

TP54001

Flags

Large Pocket Flags Set

Oversize load flag with large pocket, designed to fit over a side curtain strap and rave hook. High Vis Yellow PVC, comes with a Blue-Silver PE carry pouch. Set of four.

PLEASE NOTE: Designed for short term use and can fit over both the strap and rave hook. If you leave your flags on for long term use, we recommend Standard Pocket Flags.

TP50003

Standard Pocket Flag

Oversize load flag with pocket, designed to fit over a side curtain strap. High Vis Yellow PVC.

PLEASE NOTE: Designed for long term use and fitting requires you to remove the strap from the buckle. If you remove the flags often, we recommend Large Pocket Flags.

TP50001

Transport 9000 PVC

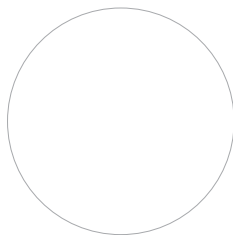

900gsm of European excellence, Transport 9000 PVC is recommended for patching side curtains. Available in rolls or per lineal metre.

Custom colours available by request. Contact us or visit our showroom to see colour samples. Always include the colour number when telling us your colour choice. For full specifications, visit www.straitline.co.nz

LOAD RESTRAINT & MISC. PARTS

Corner Boards / Reaching Pole

900mm TP49001
400mm TP49002

Corner Boards

The first corner board designed by Kiwis for the New Zealand market. Straitline® corner boards are 900mm long which fit standard New Zealand pallets without the need to be cut down.

The Straitline® Canvas corner boards have simple lifting eyes which are compatible with our lifting pole to make fitment fast and easy. They are made with an offset favouring the top to help prevent the corner board from falling off.

They have strop retaining ridges to assist in keeping things in place during load-binding and also have notches on the inside faces to receive these ridges to prevent stacked corner boards sliding. Made in New Zealand from heavy duty, high elasticity recycled plastic. Available in two lengths.

Reaching Pole

Designed for fast, easy placement of Corner Boards. Also perfect for unhooking shockcords on truck or trailer roll over covers. Extendable from 1070mm to 2340mm. Aluminium pole, with reinforced nylon hook.

TP43002

Load Restraint Parts

Tarpaulin Ropes Bundle

Made from 7mm UV-stabilised PPE rope and spliced, not crimped. Spliced ropes are stronger and avoid rusty crimps. Straitline® tarpaulin ropes are colour-coded by size.

1.3m Green	TP42001 (10)
1.8m Black	TP42002 (10)
2.5m Yellow	TP42003 (10)

1.5 Tonne Strop

1.5 tonne load binder with 6m long strop, 35mm wide, hook and keeper included.

TP46001

2.5 Tonne Strop

2.5 tonne load binder with 9.0m long strop, 50mm wide, hook and keeper included.

TP46002

Load Restraint / Roll Over Cover Parts

Roll Over Cover Handle

Welded steel handle for roll over covers tarpaulins. Designed to fit onto a 25mm x 25mm steel box section.

TP43004

Eyelet Flag

Oversize load flag with an eyelet in each corner, High Vis Yellow PVC.

TP50002

Solcor 8mm Shockcord

8mm solid core shockcord, made in New Zealand. Solid core shockcord doesn't fray when the sheath wears and is more resistant to UV radiation than stranded shockcord.

100m roll.

TP39001

Solcor Connector

Connectors for joining 8mm shockcord. Recommended for use with Solcor solid core shockcord.

TP46003

Roll Over Cover Parts

HM2 Hook

HM2 steel tarpaulin hook for use with shockcord. Simply rivet to your truck body. 50mm x 27mm, 13mm hook gap.

TP43001

HM1 Hook

HM1 Steel Hook. Smaller than an HM2 hook, HM1 hooks are perfect for light duty applications. 40mm x 22mm, 9mm hook gap.

TP43005

Large Stowage Hook

Large cast aluminium hook. 98mm long, 30mm wide, 20mm hook gap. Often mounted to back wall of curtain side bodies to give curtain stowage points.

TP43003

Thermal Barrier Parts

Thermal Barrier Base Kit

Replacement plastic base protectors for Straitline® Thermal Barriers.

TP44001

Each kit includes:

1 x Replacement Base

4 x Barrel Bolts & Nuts

8 x Fender Washers

Promotional Gear

Straitline® Truckie Socks

Premium woollen Straitline® Truckie Socks, made in New Zealand.

Small size, to fit NZ boot sizes 3-5.
Medium size, to fit NZ boot sizes 5-8.
Large size, to fit NZ boot sizes 8-13.

TP66001

Straitline® Leather Rigger Gloves

Straitline® Rigger Gloves, made from genuine leather. Available in L and XL, a must have for anyone restraining a load for hauling.

TP66002

ELLIPTICAL TARPAULIN PARTS

Elliptical Roll Over Cover Parts

Elliptical Pole

Aluminium Elliptical Tarpaulin pole. Available in 6.6m or 9.9m lengths.

6.6m Anodised	TP55002
9.9m Not Anodised	TP55003

Elliptical Pole End Plug

End plug for Elliptical Tarpaulin poles. Helps protect the end of the pole from damage and guides the Elliptical Wire.

TP40004

Elliptical Spline Plug

Spline plug for Elliptical Tarpaulin poles. Connects the pole to the universal joint.

TP40005

21 Spline Universal Joint

Universal Joint for use with Elliptical Tarpaulins.

TP40011

Elliptical Roll Over Cover Parts

Adjustable Elliptical Handle with End Spline

Adjustable ground operation handle for Elliptical Tarpaulins. End spline supplied (needs to be welded on after handle is cut to desired length). Handle position can be adjusted.

TP40012

Standard Elliptical Handle with End Spline

Standard ground operation handle for Elliptical Tarpaulins. End spline supplied (needs to be welded on after handle is cut to desired length). Non-adjustable.

TP40013

Flex Bow

Plastic Flex Bows for Elliptical Tarpaulins. Keeps the tarpaulin tight and prevents water pooling on top. Sold as a full length (2500mm), simply cut to fit your truck or trailer.

TP40009

Flex Bow Bracket

Replacement mounting bracket for Elliptical Tarpaulin Flex Bows.

TP40010

Elliptical Roll Over Cover Parts

Elliptical Wire

PVC coated 4mm stainless steel wire for Elliptical Tarpaulins, 2.85m long. Suitable for all sizes of elliptical covers.

Includes 1x stainless steel 5mm swivel and 1x stainless steel 4mm shackle.

TP40001

Solcor Core

Tough solid rubber Solcor shockcord core, 7.4mm diameter. Recommended for use with Elliptical Tarpaulins, Solcor Core lasts longer than standard Solcor inside the elliptical pole. Not designed for exposure to UV. Sold per metre or in 100m rolls.

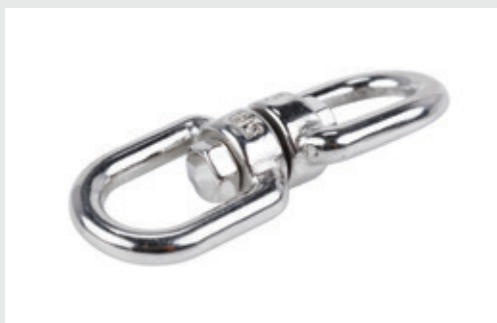

TP39002

4mm Shackle

4mm stainless steel mini shackle.

TP40002

5mm Swivel

5mm stainless steel eye/eye swivel.

TP40003

Elliptical Roll Over Cover Parts

Elliptical Handle End Spline

Needed to connect standard or adjustable handles onto the universal joint, for truck or trailer Elliptical Tarpaulins. Size: 21 spline universal.

NOTE: our Adjustable and Standard Handles include 1x Handle End Spline per handle.

TP40008

Things to remember:
