

StraitlineTM Canvas

Side Curtains & Tensioners

We've got you covered.

Side Curtains

Straitline™ Side Curtains are made right here in New Zealand. Our design is based on over two decades of experience manufacturing, recertifying and repairing side curtains for our customers. Load rated to NZTA standards since 1997.

Visit our website www.straitline.co.nz/transport9000 to see our stock colour range. We only use tough European PVC made by Mehler or Sattler.

EASY RE-ORDER

Each curtain has a unique ID label inside.

DRY FREIGHT

Single skin for standard freight runs.

DOUBLE SKIN

PVC inner skin for chilled cargo.

INSULATED

Insulated double skin for chilled or frozen cargo.

CLEAR COAT

Durable clear coat protects signage and lengthens curtain life.

DIGITAL PRINT & SIGNAGE

With digital print, the possibilities are endless.

Other options include pelmet rub strips, step decks, roof support reinforcements and more!

Straitline™ Tensioner

Introducing the Straitline™ Tensioner! Our easy open design minimises the force needed to release curtain tension. The handle can be locked in the release position, leaving both hands free to open your side curtain. Tough milled aluminium body and steel handle. The kink handle leaves plenty of clearance for your hand while opening or closing. Fits NZ standard 3 bolt or 4 bolt mounting points. New Zealand registered design by Straitline™ Canvas.
